ABOUT ME

Detail-oriented and adaptable professional with a background in Computer Science and IT. Skilled in using software, databases, and digital systems to manage information effectively. Strong teamwork, communication, and analytical skills, with the ability to support both technical and administrative tasks.

EDUCATION

2020 – 2024
University of Peshawar

BS Computer Science
Built a strong foundation in computer systems, programming, databases, and information management. Completed academic projects that strengthened problem-solving, teamwork, and technical skills.

2015 – 2017
Shinwari Model College

FSc (Computer Science)
Focused on Computer Science, Mathematics, and Physics, developing analytical and logical reasoning skills essential for IT and technical roles.

2018 – 2020
Pamir Computer Center Peshawar

Diploma in Information Technology (DIT)
Two-year diploma covering computer fundamentals, MS Office, programming, database management, networking, and web development. Gained practical IT knowledge and hands-on skills useful for professional environments.

EXPERIENCE

Web Developer Intern
TechForgeSolution – Jan 2025 to June 2025
During my six-month internship, I worked on Laravel-based web applications. I implemented CRUD functionality for user management and made UI improvements using Bootstrap on one project. Throughout the internship, I gained hands-on experience with MVC architecture, and backend development workflows while collaborating with senior developers.

Bachelor's Final Year Project (2024)
Designed and developed a dynamic job portal using HTML, CSS, JavaScript, Bootstrap, jQuery, Laravel and MySQL. The platform featured employer and job seeker modules, job posting, application systems, user authentication and more.

SKILLS

- PHP, MySQL, Laravel
- HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, jQuery
- Database Management & CRUD Operations
- MS Office (Word, Excel, PowerPoint)
- Basic Networking & IT Support

- Problem-Solving & Analytical Thinking
- Teamwork & Collaboration
- Adaptability & Quick Learning
- Communication & Documentation
- Time Management
