Education 🎓

● Bachelor in computer science

undergraduate
university
2020-2024

Government postgraduate college landi kotal

Skills 👥

HTML 5   ●●●●○

CSS 3   ●●●●○

JavaScript   ●●●○○

PHP basics   ●●●○○

MySQL basics ●●●○○

Experience

● Web Designer

"Mastering HTML, CSS, Bootstrap, and JavaScript to craft stunning websites that seamlessly blend design and functionality for an exceptional user experience."

● Web Developer

Web developer with basic PHP and MySQL . Experienced in creating CRUD applications and TODO app using PHP and MySQL. Eager to enhance backend development proficiency for robust web projects.
I am immersing myself in object-oriented programming (OOP) concepts to deepen my knowledge further.
Looking ahead, I am particularly enthusiastic about mastering Laravel, a modern PHP framework known for its efficiency and robustness.

Language

English   **Urdu**   **Pashto**

Diploma in Information Technology (DIT)

2018 2020

A comprehensive 2-year diploma program focused on foundational IT skills, including programming, web development, database management, networking, and software engineering. Acquired practical knowledge in troubleshooting, system maintenance, and IT support.
